

ESG Manager Course

Siri 16 (ESG16): Strategic Risk Management

ESG016: Strategic Risk Management is a 2-day practical training programme designed to help professionals navigate an increasingly complex and uncertain business environment. This programme equips participants with the knowledge and practical tools to identify, assess, and manage strategic risks that may impact organisational performance and sustainability.

Objective

- Understand the fundamentals and importance of Strategic Risk Management
- Identify and analyse key strategic risks affecting organisations
- Strengthen organisational risk culture and governance practices

Learning Outcomes

After completing this training, participants will be able to confidently identify and evaluate strategic risks, develop appropriate risk response strategies, strengthen risk governance and culture within their organisations, and communicate risk insights effectively to support informed decision-making, organisational resilience, and long-term value creation.
